**AFFIRMATIVE ACTION OFFICER**
The Affirmative Action Officer monitors the district’s employment practices and procedures to insure continuing compliance with anti-discrimination laws and regulations. To contact the Affirmative Action Office, call the Superintendent’s Office.

**ATTENDANCE POLICY (5200)**
Compulsory attendance at school is a long-standing state statute and it has been upheld by the courts of New Jersey and the United States Supreme Court as matter of public concern and legislative regulation.

The Board of Education has an obligation to require that all students of this district be present everyday school is in session in order that they may be taught. This policy is for the benefit of the students, their parents, and the community at large.

Student participation in all regularly scheduled classroom-learning activities in each area of study is essential in order for each student to receive the maximum benefits of a thorough and efficient educational program. The entire process of education requires a regular continuity of instruction, classroom participation, learning experiences, and study. The regular contact of students with one another in the classroom and their participation in a well-planned instructional activity under the tutelage of a competent teacher are vital to this purpose.

The Monroe Township Board of Education recognizes and accepts its responsibility to provide a thorough and efficient education for every student within the district boundary.

In keeping with the prevailing laws of the state:

“Any child between the ages of six and sixteen years who shall repeatedly be absent from school, and any child of such age found away from school during school hours whose parent, guardian or other person having charge and control of the child is unable to cause him to attend school and any student who is incorrigible, actually vagrant, vicious, or immoral in conduct, shall be deemed to be a juvenile delinquent and shall be proceeded against any such.” (18A:38-27) The Board cannot successfully fulfill its responsibility to the student unless the student is present for all regularly scheduled classroom activities. Therefore, it is essential that every parent and student accept responsibility for the student’s attendance at school as scheduled.

**THE MONROE TOWNSHIP BOARD OF EDUCATION WILL NOT CONDONE NOR PERMIT ABSENCES FROM SCHOOL ON ANY DAY FOR ANY REASON NOT SPECIFIED IN LAW OR POLICY AND WILL NOT ISSUE CREDIT IF MINIMUM STUDENT ATTENDANCE IS NOT ACCOMPLISHED.**

The Superintendent shall develop detailed regulations to administer this policy and present them to the Board for approval so that they may be clearly understood to represent the official policy of the district.

**Chronic Illness**

1. Parents should submit a doctor’s note to the attendance office indicating the nature of the chronic illness and how it may affect the student’s school attendance. The doctor’s note needs to be an original (not photocopied) and should be filed with the school at the beginning of the school year or at such a time when a chronic illness is identified. After the doctor’s note has been submitted to the school, parents must verify each absence pursuant to the following guidelines in order to have the absence recorded appropriately:

   a. After a chronic illness note from a physician is on file in the high school attendance office, a parent may write up to six single-day absence notes, submitted on the day the student returns.

   b. After six single-day absences have been documented by a parent’s note, all subsequent absences must be verified by a physician’s note.

   c. All multi-day absence events must be documented by a physician’s note.

   d. Any parent or physician’s note that relates to a chronic illness must be specific in nature (i.e. the note must state the chronic condition as the reason for the absence.)

   e. Should the state of the chronic illness change, the parent must notify the attendance office.

   f. The chronic illness diagnosis must be renewed annually (at the beginning of the school year) by a physician. The school district reserves the right to verify chronic illness notes form a doctor by the school nurse and/or the school doctor. The school district also reserves the right to request an updated doctor’s note for the chronic condition or confirmation that the diagnosing doctor is still treating the student for the chronic condition.

BEHAVIOR POLICY (Policy 5511)

Parents have the ultimate responsibility for the discipline of their children. The Monroe Township Board of Education and its administrators expect that the parents shall be mutually supportive.

I. PHILOSOPHY
Proper discipline is the responsibility of everyone - home, school and community working together. All disciplinary action shall be based on the premise that it is intended to affect a favorable change in student behavior. Emphasis shall be placed on providing an atmosphere conducive to good learning and one that encourages proper conduct. Evaluation of every student’s behavior shall be done on an individual basis with full consideration given to all pertinent facts affecting the situation, such as individual behavior patterns, educational programs and home environment.

The ultimate goal of all action shall be to help develop self-discipline on the part of the individual. In so doing, the disciplinary action shall always attempt to meet the following criteria.

A. Counseling is provided explaining what behavior is considered unacceptable.
B. The action is fair to the individual in view of the nature of the offense.
C. The action is fair to all other students involved.
D. The action is fair with respect to the student body as a whole.
E. Proper notice is given as to what form of punishment to expect if the undesirable behavior is not corrected.
F. The disciplinary action is progressively stern.
G. The disciplinary action is commensurate to the nature of the offense.

II. PROCEDURES

A. Students - Students are expected to follow the rules of conduct adopted for the district.

B. Teachers - It shall be the responsibility of each teacher or person responsible for individual or group of individuals to enforce the rules of the school at all times. The initial counseling and disciplinary action shall be his or her duty. Penalties shall be commensurate to the nature and seriousness of the offense; however, corporal punishment shall not be used for any offense. Conferences with the student, counselors, parents, administrators, detention appropriate assignments, seating arrangements, etc. are some suggested first step disciplinary procedures. Minor offenses are not legitimate reasons to send a student out of the classroom or to the office unless such conduct is continuous, and the student fails or refuses to respond to the authority of the teacher or person in charge.

C. Administrators - When a student is sent to the office for continuous misbehavior or for a major offense that is handled directly by the office, the administrators in charge of discipline assume the responsibility and make a decision based on good judgment unless the offense is of such a nature that specific penalties have been established. The school official will make such investigations as necessary; confer with counselors, teachers, parents, students, and other authorities as the situation warrants establishing a basis for decisions. In severe cases, it may be necessary to remove the student or students from school while such investigations are being conducted.

III. DEFINITION OF TERMS

A. Demerit - a mark recorded against a student for unsatisfactory conduct. A letter of notification will be sent to the parents. Additional referrals will lead to further discipline action. Good conduct for a 30-day period will result in the elimination of one demerit. This procedure is an incentive program for the student to promote good behavior and hopefully avoid a suspension.

B. Out-of-School Suspensions - the barring from attendance at school and school sponsored events.

C. 1-Hour After School Detention * - Students assigned to after school detention must report to room C110 by 2:30 P.M. on the date(s) of the detention. Detention will be held from 2:30 P.M. until 3:30 P.M.

D. 2-Hour After School Detention * - Students assigned to after school detention must report to room C108 by 2:30 P.M. on the date(s) of the detention. Detention will be held from 2:30 P.M. until 4:30 P.M.

*Students arriving late or failing to serve the after school detention will be subject to additional disciplining measures including assignment of a 3-7. Transportation home following the detention is the responsibility of the parent. Students are not permitted to leave the building between dismissal and the start of detention without permission of an administrator.

E. 3-7 School - is an alternative to out of school suspension. Students will be excluded from the day school program, but they will report to school from 3:00 P.M. to 7:00 P.M. Students who do not report will be counted as absent from school for that day. In addition, the 3-7 assignment rolls to the next day.

IV. ADDITIONAL CONCERNS AND REQUIREMENTS

A. Expulsion - When normal means of disciplinary action fail to affect a favorable change in a student’s behavior or when a situation arises that is cause for a student to be dismissed from school for periods beyond the regulations regarding suspension, or permanently, the principal shall recommend to the superintendent that the student or students responsible for such behavior be expelled from the school system. After review of the case, the superintendent will make a recommendation to the Board. The ultimate decision of expulsion lies with the Board.

B. Records and Reports - It shall be the duty of each teacher referring a student to the office to submit a signed and dated report indicating the reason for the referral and all facts related to the incident. Such reports will be kept on file in the office. The principal or vice principal will keep a written record of all students
referred for disciplinary reasons. Such records will show the date, person who referred the student, reason for referral and the action taken. Teachers should be notified of action taken.

C. Communication with Parents - Open lines of e-mail with parents or guardians shall be maintained at all times. Telephone calls, conferences or letters should be used to inform parents of their child’s behavior as a preventive as well as an informative discipline measure. Copies of all letters and notes of telephone conversations and conferences must be kept on file to be used for counseling purposes. Copies of suspension letters must be given to the superintendent and to the counselor. A parent conference with the administrative official may be required when the student returns to school after being suspended.

V. STATE STATUTES CONCERNING DISCIPLINE

**CELL PHONES, ELECTRONIC DEVICES, BEEPERS, and PAGING DEVICES**

Cell phones and electronic entertainment devices are a major disruption to the educational process, and if a student brings these items to school, he/she brings it at his/her own risk. The administration can accept no responsibility for lost or stolen cell phones or electronic entertainment devices. Students are strongly discouraged from bringing these items to school and an administrator may not be able to investigate every theft complaint. In addition, if parents need to get a message to their child, the parent should call their Assistant Principal’s Office, and the clerical staff will get the message to your child. Parents should not call the child’s cell phone during school hours.

*High school students are permitted to use cell phones in student lunchrooms and in study hall provided it does not cause a disruption. Teachers may allow students to use cell phones in their classroom upon their discretion and with valid educational purpose. Cell Phone use is prohibited during any emergency or drill.*

Cell phone violations will be subject to the Student Discipline/Code of Conduct Regulation 5600, Chart of Discipline.

The Board of Education believes students and/or school staff members should not be subject to having a video or audio recording taken of any student(s) or school staff member(s) for any purpose without the consent of the student, the student’s parent or guardian, and/or the school staff member. In addition to protecting the privacy rights of students and school staff members, the Board recognizes such recordings can be disruptive to the educational program. In addition, inappropriate recordings of educational material, student assessment instruments, and/or student assessment reviews can be used to compromise the integrity of the district’s educational program or lead to academic dishonesty in the event such recordings are stored and/or transmitted to other students. Therefore, the Board of Education adopts this Policy regarding student use of electronic communication and recording devices.

“Electronic communication and recording device (ECRD)” includes any device with the capability to audio or video record or is capable of receiving or transmitting any type of communication between persons. An ECRD includes, but is not limited to, cameras, cellular and wireless telephones, pagers/beepers, laptop computers, electronic readers, personal digital assistants (PDAs), two-way radios, portable fax machines, video broadcasting devices, and any other device that allows a person to record and/or transmit, on either a real time or delayed basis, sound, video or still images, text, or other information.

A student is not permitted to have turned on or use an ECRD on school grounds during the school day or when the student is participating in a curricular or school-sponsored co-curricular activity. A student’s personal ECRD may only be used on school grounds in an emergency situation or with the permission of a school staff member supervising the student in a curricular or school-sponsored co-curricular activity. Any audio and/or video recording by a student using their personal ECRD with permission of a school staff member while participating in a curricular or school-sponsored activity where other students or staff members are present shall require the permission for such recording from any other student and their parents or guardians and/or staff members whose voice or image is to be recorded. This Policy is not intended to prohibit appropriate use of electronic devices for authorized or approved official curricular or school-sponsored co-curricular activities such as yearbook photographs, staff member/teacher-directed and approved activities, classroom presentations, and athletic events and drama production filming. A student authorized or approved to use an ECRD may not use an ECRD to access internet sites or view information or internet-based material that is inappropriate or would be blocked from student access by the school district’s acceptable use of computers and networks policy. Nothing in this Policy is intended to prevent a student from using their personal ECRD and recording school-sponsored co-curricular activities as a non-participant when the activity is open to the general public.

For the purposes of this policy, “school grounds” means and includes land, portions of land, structures, buildings, and structures that support these buildings, including, but not limited to, administrative buildings, kitchens, maintenance shops, and garages. “School grounds” also includes other facilities as defined in N.J.A.C. 6A:26-1.2, playgrounds, and other recreational places owned by the local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of such land.
An ECRD used in violation of this Policy will be confiscated by a school staff member or Principal or designee and the student will be subject to appropriate disciplinary action.

A student shall not bring or possess any remotely activated paging device on any school grounds, including on a school bus or at a school-sponsored function, at any time and regardless of whether school is in session or other persons are present without the express written permission of the Principal. The student must submit a written request and establish to the satisfaction of the Principal a reasonable basis for the possession of the device. The written request must include the purpose for the student possessing and/or bringing the device on school property and the date or dates in which the student requests to possess and/or bring the device on school property. The written request must also include the date in which the student will no longer need to bring and/or possess the device on school property.

Class Trips and Prom Requirements - Class trips, the Junior-Senior Prom, and the Holiday Semiformal are very special events in the lives of our students. Special pride is taken in providing these special activities to students who exemplify hard work, dedication, courtesy, and politeness. It is fully realized that when students take part in these activities they are representatives of Monroe Township. With this in mind, we would like to continue to offer these activities as special privileges to those students who exhibit acceptable behavioral standards throughout the school year. In order to achieve this goal, the following procedures are in effect:

- **Attendance requirement for participation in extra-curricular activities** - If a student misses 20 days or more, the student will become ineligible for extra-curricular activities.
- **Discipline requirement for participation in extra-curricular activities** - Students who are issued a total of 10 days suspension, 10 Days of 3-7 School, or a combination of out-of-school suspensions and 3-7 School which equal 10 days will not be permitted to attend the Holiday Semi-Formal, the Junior-Senior Prom, the Eighth Grade Closing Dance, any overnight trips, all dances, the Mr. WHS Show, The Variety Show, field trips or their respective grade level class trip.
- **Academic Eligibility for extra-curricular activities** - If a student in grades 9-12 fails more than one subject in a marking period. The student will become ineligible for participation in extra-curricular activities until the end of the next marking period.
- **Eligibility beyond separation from the district** - If a student is ineligible to participate in extra-curricular activities at the time of his/her separation from the district, the student remains ineligible to return as a guest for school activities such as dances including the Prom, Semi-Formal, and the Military Ball.
- **Lateness to School/Lateness to Class** - Refer to the lateness to School/Lateness to Class policy to determine eligibility for extra-curricular activities.

EMERGENCY CLOSING

During the year there are days when school may be closed for an emergency such as snow. All of the major radio stations will announce emergency school closings. Our district number is 811. Additional information may be obtained at www.monroetwp.k12.nj.us. Global Connect, our phone messaging system, will contact parents at the telephone number provided to the school in case of an emergency.

EMPLOYMENT PAPERS

The superintendent of schools is designated by the Board of Education as the issuing officer for employment certificates. Employment papers are required for most positions for minors under eighteen years of age. Before accepting a position the student should check with the general office if there is any doubt as to whether or not employment papers are required. Usually the following requirements are needed in order to obtain the papers:

1. Promise of employment filled out by an employer.
2. Proof of age (birth certificate, baptismal certificate, passport, insurance policy that has been in effect more than one year)
3. School record (filled out by principal)

The forms listed above can be obtained from the Vice Principals’ Office.

EVACUATION DRILLS / EMERGENCY DRILLS

The evacuation bell is a claxon/siren. At this signal, all teachers, students, and school personnel are to immediately leave the building. Everyone will remain outside until an administrator indicates the signal to go back into the building. The students should exit and enter the building in single file. Emergency Drills, such as lock-downs and active-shooter drills, are required by the State of NJ. These drills are considered serious and student behavior is expected to be appropriate. Cell phone use is prohibited during any emergency or drill and will result in a 3-7. In the event of a true emergency, quiet and orderly behavior is required, so all school community members will be able to receive all necessary directions, PULLING A FIRE ALARM IS A FEDERAL OFFENSE AND WILL BE REPORTED TO THE POLICE. STRICT DISCIPLINARY ACTION WILL FOLLOW.

504 OFFICER - This 1973 civil rights law prohibits discrimination on the basis of disability in all programs and activities receiving federal financial assistance. The 504 Officer fields complaints from parents once a 504 Plan have been developed. To speak with the building-level 504 Officer, contact the student’s assistant principal. To speak with the district-level 504 Officer, contact the Superintendent’s Office.

GRADUATION REQUIREMENTS

Please refer to our current Program of Studies on the Counseling section of the high school website for specific graduation requirements.
GRADUATION PARTICIPATION
Participating in graduation is a privilege, not a right.

Absenteeism and disciplinary infractions can negatively impact a student’s participation in graduation. Students must be present at least 168 each year, (no more than 12 absences) not to jeopardize the earning of credits. Students in good standing who may need summer school following the senior year to fulfill the credit requirement, are eligible to participate in senior activities, EXCEPT for the graduation ceremony.

HARASSMENT, INTIMIDATION AND BULLYING
Please refer to the district website for more information/revisions. (Policy 5512-5512.01)
The Board of Education prohibits acts of harassment, intimidation and bullying. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student’s ability to learn and a school’s ability to educate its students in a safe environment; and since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation or bullying.

Definition
"Harassment, intimidation or bullying" means any gesture, written, verbal or physical act that takes place on school property, at any school-sponsored function or on a school bus and that:
1. Is motivated by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability; or
2. By any other distinguishing characteristic; and
3. A reasonable person should know, under the circumstances, that the act(s) will have the effect of harming a student or damaging the student’s property, or placing a student in reasonable fear of harm to his/her person or damage to his/her property; or
4. Has the effect of insulting or demeaning any student or group of students in such a way as to cause substantial disruption in, or substantial interference with, the orderly operation of the school.

Acts of harassment, intimidation or bullying may also be a student exercising power and control over another student, in either isolated incidents (e.g., intimidation, harassment) or patterns of harassing or intimidating behavior (e.g., bullying).

Expected Behavior
The district prohibits active and passive support for harassment, intimidation or bullying. Students are encouraged to support other students who walk away from these acts when they see them, constructively attempt to stop them, and report these acts to the Building Principal or his/her designee.

Students are required to conform to reasonable standards of socially acceptable behavior, respect the person, property and rights of others; obey constituted authority; and respond to school district teaching, support and administrative staff. Each school Principal will develop and provide a school-based program for appropriate recognition for positive reinforcement for good conduct, self-discipline, good citizenship and academic success.

The Superintendent will provide annually to students and their parent(s) or legal guardian(s) the rules of the district regarding student conduct, student’s due process and other rights. This Policy will appear in all publications of the school district’s comprehensive rules, procedures and standards of conduct for school(s) within the district, including student handbooks. Provisions will be made for informing parent(s) or legal guardian(s) whose primary language is other than English.

The following factors will be considered in determining the appropriate response to students who commit one or more acts of harassment, intimidation or bullying:
1. The developmental and maturity levels of the parties involved;
2. The levels of harm;
3. The surrounding circumstances;
4. The nature of the behavior(s);
5. Past incidences or continuing patterns of behavior;
6. The relationships between the parties involved; and
7. The context in which the alleged incidents occurred.

Concluding whether a particular action or incident constitutes a violation of this Policy requires a determination based on all of the facts and surrounding circumstances.
An appropriate consequence will be determined after meaningful consideration of these factors. Consequences and appropriate remedial action for students who commit acts of harassment, intimidation or bullying may range from positive behavioral interventions up to and including suspension or expulsion. The appropriate consequence will be consistent with the case law, Federal and State statutes, and district/school policies and regulations.

Reporting Procedure

Complaints alleging violations of this Policy shall be reported to the Principal or his/her designee. All school employees are required to report alleged violations of this Policy to the Principal or his/her designee. All other members of the school community, including students, parent(s) or legal guardian(s), volunteers and visitors are encouraged to report any act that may be a violation of this Policy. While submission of an Incident Report Form to the Principal or his/her designee is not required, the reporting party is encouraged to use the Incident Report Form available from the Principal of each building or available at the school district office. Oral reports will also be considered official reports. Reports may be made anonymously, but formal disciplinary action may not be based solely on the basis of an anonymous report.

Investigation

The Principal or his/her designee is responsible for determining whether an alleged act constitutes a violation of this Policy. The Principal or his/her designee shall conduct a prompt, thorough and complete investigation of the alleged incident. The Principal or his/her designee will maintain a record of each investigation regarding allegations of harassment, intimidation and bullying.

Response to Incident of Harassment, Intimidation or Bullying

Some acts of harassment, intimidation or bullying may be isolated incidents requiring the school respond appropriately to the individual(s) committing the acts. Other acts may be so serious or part of a larger pattern of harassment, intimidation or bullying that require a response either at the classroom, school building or school district level or by law enforcement officials.

Consequences and appropriate remedial actions for students who commit an act of harassment, intimidation or bullying range from positive behavioral interventions up to and including suspension or expulsion, as permitted under N.J.S.A. 18A:37-1, Discipline of Students.

In considering whether a response beyond the individual level is appropriate, the administrator will consider the nature and circumstances of the act, the level of harm, the nature of the behavior, past incidences, past or continuing patterns of behavior, and the context in which the alleged incident(s) occurred. The school district’s responses can range from school and community surveys, to mailings, to focus groups, to adoption of research-based bullying prevention program models, to training for certificated and non-certificated staff. The district’s responses may include participation of parent(s) or legal guardian(s) and other community members and organizations, to small or large group presentations for fully addressing the actions and the school district’s response to the actions in the context of acceptable student behavior or the consequences of such actions and involvement of law enforcement officers, including school resource officers.

Reprisal or Retaliation Prohibited

The school district prohibits reprisal or retaliation against any person who reports an act of harassment, intimidation or bullying. The consequence and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the Principal or his/her designee after consideration of the nature and circumstances of the act, in accordance with case law, Federal and State statutes, and district/school policies and procedures.

Consequences for False Accusation

Consequences and appropriate remedial action for a student found to have falsely accused another as a means of harassment, intimidation or bullying range from positive behavioral interventions up to and including suspension or expulsion, as permitted under N.J.S.A. 18A:37-1, Discipline of Students.

Consequences and appropriate remedial action for a visitor or volunteer, found to have falsely accused another as a means of harassment, intimidation or bullying shall be determined by the Principal or his/her designee, after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials.

HAZING

The Board of Education believes hazing activities of any type are inconsistent with the educational process and the Board prohibits all such hazing behavior at any time on school premises, at any school-sponsored function or on any school bus.

"Hazing" means the performance of any act or the coercion of another to perform any act of initiation into any class, team, or organization that causes or creates a substantial risk of causing mental or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

All staff members, students and school volunteers shall be alert to possible behavior, circumstances, or events that might include hazing. A person who detects hazing and/or planned hazing shall immediately inform the student(s) involved of the prohibition against this behavior and/or conduct and direct them to
The Building Principal will report to the Affirmative Action Officer and the Superintendent any incident reported from a staff member, student, parent, legal guardian or any other source. The Building Principal will also report information received from anonymous sources, however, any formal disciplinary action will not be taken solely on the basis of an anonymous report.

There will be no reprisals or retaliation against any person(s) making such report of hazing behavior. Any allegations of reprisals or retaliation shall be reported directly to the Building Principal who will investigate such allegations and take appropriate action if the allegations are confirmed and/or if the person is found to have falsely accused another as means of retaliation or as a means of hazing.

The Building Principal or designee will immediately investigate any report of actual or planned hazing.

If the investigation determines hazing behavior was planned or was present, the administration will take reasonable, age-appropriate and effective corrective action to end the behavior which may include, but is not limited to, counseling, warning, and/or disciplinary action. The administration may need to provide support services to the student(s) that was hazed, to remedy the past hazing behavior.

Nothing in this Policy prohibits the Affirmative Action Officer from complying with the requirements of the district's Affirmative Action Program as outlined in Policy 1550 and N.J.A.C. 6A:7-1.1 et seq.

The Building Principal, in conjunction with the Affirmative Action Officer, will develop and conduct training and information programs for all school staff, students, parents and interested community members on the district's Hazing Policy.

Any student organization that seeks to organize and perpetuate itself by taking in members based on the decision of the membership of the organization, rather than from the free choice of any students who are otherwise qualified to fill the special aims of such organization, is prohibited.

INCOMPLETE GRADES
A grade of “Incomplete” will be given to those students unable to complete the work assigned to the course for reasons beyond the student’s control, such as the student’s disability. Incomplete make up work should be completed within two weeks of the end of the marking, or if the student is disabled at the end of the marking period, two weeks after the student’s return to school. A student who does not complete the work within the period allowed will receive a grade of zero for the incomplete work and the final averaged grade for the marking period will be placed on the student’s transcript.

INSURANCE FOR STUDENTS
A voluntary insurance plan for students is available through the school. The policy covers either full time or school time accidental coverage. Enrollment in the program is announced through homeroom.

LATE TO SCHOOL/LATE TO CLASS
Students who receive a 1-hour detention on a student’s 5-8 Late to School. On the 9th Late to School, the student will then begin to get 2-hour detentions. If a student cuts the 2-hour detention, he/she will receive one 3-7, but he/she will still be required to serve the 2-hour detention as well. In addition, if a student accumulates 16 latenesses to school, he/she will be ineligible for extra-curricular activities including dances and class trips for the remainder of the school year. Students will receive a detention on a students’ third lateness to class; however, when a student has accumulated 5 detentions for lateness to class (cumulative for all classes), the student will then be assigned a to 2-hour detention for each subsequent lateness to class. This is cumulative regardless of the class. When a student receives his/her 11th detention for lateness to class, he/she will be ineligible for extra-curricular activities including dances and class trips for the remainder of the school year.
Lateness to class will reset at the semester and late to school will not reset at all.

LOCKERS & SCHOOL-ISSUED LOCKS

GYM LOCKERS—money or any personal items that are important are not safe in gym lockers. It is highly recommended that students not bring their valuables to school, for the school cannot safeguard valuables. Students are encouraged to bring a lock to school to secure their gym locker during gym class. It is virtually
impossible for the high school administration to recover lost items stolen from gym lockers, for there are no security cameras permitted in school locker rooms. Students should not store valuables in unlocked gym lockers. HALL LOCKERS-Each student will be assigned a locker when he/she enters school. Each school year, a school-issued combination lock will be assigned to each student to place on his/her locker. This lock is the property of the high school and must be returned at the end of the academic school year. Each student who does not return his/her assigned lock will receive an obligation of $10.00 on his/her student account. It is the responsibility of each student to secure the school-issued lock on his/her assigned locker. A record of the combination and serial number will be kept on file in the assistant principals’ office.

Student(s) wishing help with any locker problem should see the assistant principal. Keeping the locker clean is a student responsibility. If anything is stolen from a hall locker, the student to whom the locker was assigned should report the theft to the assistant principals’ office immediately. If a theft occurs on a hall locker with a lock, an investigation will occur to determine if the hall locker had been accessed by an unauthorized person. If an item of value must be brought to school and the student cannot keep it on his/her person at all times during the day, he/she should leave it in the General Office where it can be secured in the school vault. Valuable items are not safe in school. It is highly recommended that students leave valuables at home.

LOST AND FOUND PROPERTY
Because of the possibility that any item of importance or value may be stolen, students are discouraged from bringing items of value to school and putting them in their lockers. Electronic Devices, wallets, pocketbooks, and jewelry are tempting to those who have no respect for other's possessions. Students are discouraged from leaving such items in a locker or elsewhere. The school is not responsible for lost articles. Loss of expensive items should be reported to the assistant principal immediately; however, the school cannot guarantee these items can be recovered. It is highly recommended to leave valuables at home where they will be safer.

MAKE-UP WORK
1. Teachers shall cooperate in the preparation of home assignments for students who anticipate an excused absence of three school days duration. The parent or student must request such home assignments.
2. A student who anticipates an absence due to a temporary or chronic health condition may be eligible for home instruction in accordance with Policy 2412. The parent must request home instruction.
3. Students absent for any reason are expected to make up the work missed. The parent or student is responsible for requesting missed assignments and any assistance required. Teachers will provide make-up assignments as necessary.
4. In general, students will be allowed a reasonable amount of time as determined by the teacher to make up missed work.
5. A student who missed a test or exam shall be offered an opportunity to take the test, exam or an appropriate alternate test.

MEDICAL CARE
In case of illness or injury that may occur in school, report to the clinic with a pass. If the nurse is not in the clinic, report to the main office. Being sent home for illness by the nurse is an UNEXCUSED ABSENCE.

MEDICAL EXEMPTIONS FROM PHYSICAL EDUCATION CLASSES
Students must turn in a medical note signed by a doctor within three days after the medical is to begin. No medicals will be accepted after this time.

MEDICAL PHYSICALS SCHOOL ENTRANCE/DEVELOPMENTAL STAGES
In compliance with New Jersey State Law N.J. A.C. 6A:16-22 & 18A: 40-4, each student must now obtain a physical examination upon entry into the school district. The District Board of Education must also notify parents/guardians of the importance of obtaining subsequent examinations at least once during each of the student’s developmental stages:
- Early childhood (Pre-school through grade 3)
- Pre-adolescence (grades 4 through 6)
- Adolescence (grades 7 through 12)

The purpose of these physicals is to insure that the learning potential of each student is not diminished by a remediable physical disability, that the students is able to participate in the school program, and that the school community is protected from the spread of communicable disease.

MEDICAL SCOLIOSIS SCREENING
In compliance with New Jersey State Law N.J/ A. C. 6A:16–2.2(l); N.J.S.A. 18A: 40-4.3 to 4.5 & A-1183 Pamphlet Law 2000c.126, every Board of Education must provide the biennial examination of every student between the ages of 10 and 18. Scoliosis screening will be held during physical education classes at the
beginning of the school year. A student may be exempt from the screening if requested by the parent or guardian in writing.

**MEDICATION POLICY**
Permission for the administration of medication in school by the school nurse will be given only when the student’s attendance depends upon the timely administration of medication in school. Medication will not be administered to a student who is physically unfit to attend school or has a contagious disease. Students who wish to be administered medication by the school nurse must comply with the following:
1. The “Request for In-School Medication” form is to be completed by the student’s parent/guardian and submitted to the nurse.
2. The “Doctor’s Request for In School Medication” form is to be completed by the student’s physician and submitted to the nurse.
3. All medication must be delivered to the school by the parent/guardian.
4. All medication must be in the original container, with the prescription information affixed.
5. Any unused medication must be picked up by the student’s parent/guardian. The nurse will discard medication after reasonable efforts to have the parent/guardian retrieve the medication have failed.
6. This includes all medication: all prescription drugs and any over the counter medication including Tylenol, Advil, aspirin, cough syrup, allergy or cold medicines.
7. Students in violation of the medication policy will be subject to school disciplinary action.

**MILITARY RECRUITMENT**
The No Child Left Behind Act (NCLB) (Title IX, Part E, Subpart 2, Section 8528) states that school districts are to allow the same access to students by military recruiters as they do college and job recruiters. This access includes releasing secondary school students’ names, addresses, and telephone numbers to military recruiters, who can use the information for armed services recruiting and for informing these students of scholarship opportunities. Secondary school students or their parents can request that the information not be released by notifying their counselor with a written statement.

**NATIONAL HONOR SOCIETY**
The National Honor Society is an organization designed to recognize the student who has achieved in four areas: character, scholarship, service, and leadership. No one category is more important than another. The student who becomes a member of the society must possess all four qualities. Membership in the Society is open to students in grades eleven and twelve. Students, who have achieved a grade point average of 90 or better on a scale of 0 to 100, will be invited to submit information sheets about their service and leadership in October of each school year. This information will then be reviewed by a faculty council consisting of five members. If the student is determined to have met the criteria for membership, they will be informed by letter and inducted into the Honor Society in a formal induction ceremony to be held in November.

**OBLIGATIONS**
Students who have outstanding obligations (fines, lost books, etc.) to the school may not attend the prom, class trip, and graduation or participate in extracurricular activities.

**PERSONAL PROPERTY DISCLAIMER**
The school district will not be responsible for any personal items lost, stolen, or stored in school.

**PROGRESS REPORTS**
- Progress Reports are no longer mailed home unless the parent contacts the counseling office and requests to have it mailed home. Grades can be accessed via the PowerSchool portal.

**PROMOTION AND RETENTION** (Policy 5410-Students)
Refer to Policy

**RELEASE OF STUDENT INFORMATION**
Under the federal “No Child Left Behind Act,” public high schools must give the names, addresses, and telephone numbers of students to military recruiters, college/university recruiters, and prospective employers if the recruiters request the information (P.L. 107-110, Section 9528; 10 USC 503). However, students or their parents have the right to instruct the school in writing that this information is not to be released. Please call the counseling office for details.
SCHEDULING/DROP/ADD PROCEDURES
In the spring students must select their courses for the next school year. Since the parent must approve the selection, the counselor may set up a conference with the parent and student. Schedule changes will not be made in September except for those necessitated by a computer error or a student being assigned to the teacher of the course he/she previously failed.

SCHOOL BUS REGULATIONS
Riding the school bus is a privilege. Improper conduct on the buses will result in that privilege being denied. Only regularly scheduled bus students are to ride the school buses. Bus students are to go immediately to the buses as soon as they are dismissed from the school in the afternoon.

FOLLOW THESE BUS RULES:
- The bus driver may assign seats
- Remain Seated
- Be courteous
- No profanity
- No smoking
- Keep your hands and head inside the bus.
- Do not destroy property
- Violence is prohibited
- Do not eat or drink on the bus, keep the bus clean.
- For your own safety, do not distract the driver through misbehavior.

SCHOOL BUS DISCIPLINE PROCEDURE
FIRST OFFENSE - the administrator, depending upon the infraction, will have the option of either warning the student or denying the student the privilege of riding the school bus. The parent will also be made aware of the referral. If the student is denied the privilege of riding the school bus, a meeting with the bus driver, student, parents, a bus company designee and administrator will be held at the option of the administrator or parent. The bus driver may also request a meeting.
SECOND OFFENSE - will result in the student losing the privilege to ride the school bus. The length of suspension will be determined by the administrator and based on the Discipline Policy established by the Board of Education. The administrator has the option of warning the student a second time, if the length of time between referrals is substantial and the infraction is a minor one.
THIRD OFFENSE - will result in the student losing the privilege of riding the school bus until a conference is held with the student, the parent, the bus driver, a bus company designee and administrator. The administrator will determine the length of the suspension.
FOURTH AND SUBSEQUENT OFFENSES - steps for the third offense will be followed, plus the student may lose the privilege of riding the school bus for the remainder of the school year.

SCHOOL BUS TRANSPORTATION (POLICY #8600) USE OF SEAT BELTS
School bus drivers and all school bus passengers shall be required to wear seat belts when transported in school buses so equipped. Seat belts shall be fastened when the driver and passenger board the vehicle and they shall be kept fastened at all time while on board the vehicle. Seat belts may be unfastened only when the individual is departing the vehicle. The Board further requires that drivers and passengers using private vehicle to transport students wear seat belts in the same manner. PLEASE BUCKLE YOUR SEATBELT!

SCHOOL COUNSELING SERVICES
The School Counseling Office serves each student in many ways, providing counseling so that each student can help himself/herself with educational, vocational, and personal problems. Its primary function is to serve students. Students wishing to confer with a counselor should submit an appointment request to the counseling secretary. All requests will be honored as quickly as possible. The School Counseling Office offers Tuesday evening appointments for parents to meet with counselors. Please call the School Counseling Office to schedule an appointment.

SEARCH POLICY
School lockers remain the property of the district even when used by the students. Lockers are subject to administrative search in the interest of school safety, sanitation, discipline, enforcement of school regulations, and the search by law enforcement officials on presentation of a proper warrant. A student’s person and possessions, including cell phones may be searched by a school official provided that the official has reasonable grounds to suspect that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school. Under no circumstances shall a search be conducted based solely upon an anonymous tip and/or a rumor that contraband is present. The extent or scope of the search shall be reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction. The principal and assistant principals may randomly conduct inspection of student lockers and storage facilities provided to the students for the storage of property. Parents will be notified immediately following the search.
SEXUAL HARASSMENT POLICY (5751)
The Board of Education will not tolerate sexual harassment of students by school employees, other students, or third parties. Sexual harassment of students is a form of prohibited sex discrimination. School district staff will investigate and resolve allegations of sexual harassment of students engaged in by school employees, other students (peers), or third parties.

Definitions:
Quid pro quo harassment occurs when a school employee explicitly or implicitly conditions a student’s participation in an educational program or activity or bases an educational decision on the student’s submission to unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature. Quid Pro Quo Harassment is equally unlawful whether the student resists and suffers the threatened harm or submits and thus avoids the threatened harm. Hostile environment sexual harassment is sexually harassing conduct (which can include unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature) by an employee, by another student, or by a third party that is sufficiently severe, persistent, or pervasive to limit a student’s ability to participate in or benefit from an educational program or activity, or to create a hostile or abusive educational environment. This Policy protects any “person” from sex discrimination; accordingly both male and female students are protected from sexual harassment engaged in by school district employees, other students, or third parties. Sexual harassment, regardless of the gender of the harasser, even if the harasser and the student being harassed are members of the same gender is prohibited. Harassing conduct of a sexual nature directed toward any student, regardless of the student’s sexual orientation, may create a sexually hostile environment and therefore constitute sexual harassment. Nonsexual touching or other nonsexual conduct does not constitute sexual harassment.

The regulation and grievance procedure shall provide a mechanism for discovering sexual harassment as early as possible and for effectively correcting problems.

The Superintendent, or designee, will take steps to avoid any further sexual harassment and to prevent any retaliation against the student, who made the complaint, was the subject of the harassment, or against those who provided the information or were witnesses. The school district staff can learn of sexual harassment through notice and any other means such as from a witness to an incident, an anonymous letter or telephone call.

This policy and regulation on sexual harassment of students shall be published and distributed to students and employees to ensure all students and employees understand the nature of sexual harassment and that the Board will not tolerate it. The Board shall provide training for all staff and age-appropriate classroom information for students to ensure the staff and the students understand what type of conduct can cause sexual harassment and that the staff know the school district policy and regulation on how to respond. In cases of alleged harassment, the protections of the First Amendment must be considered if issues of speech or expression are involved. Free speech rights apply in the classroom and in all other programs in the public schools. The Superintendent, or designee, will formulate, interpret, and apply the policy so as to protect free speech rights of staff, students and third parties.

In addition, if the Board accepts federal funds, the Board shall be bound by Title IX of the Education Amendments of 1992 prohibiting sexual harassment of students. Title IX applies to all public school districts that receive federal funds and protects students in connection with all the academic, educational, extra-curricular, athletic, and other programs of the school district, whether they take place in the school facilities, on the school bus, at a class or training program sponsored by the school in a school building or at another location.

SUBSTANCE ABUSE
The Board of Education recognizes that a student’s abuse of harmful substances seriously impedes his/her education and threatens the welfare of the entire school community. The Board is committed to the
prevention of substance abuse and the rehabilitation of substance abusers by educational means, but will take
necessary and appropriate steps to protect the school community from harm and from exposure to harmful
substances. Accordingly, the Board will establish and maintain a comprehensive substance abuse
intervention, prevention, and treatment referral program in the schools of this district.
